

You love better than you do
your mother. You must be mistaken.
I don't think a person has ever yet
been found ~~that~~ what loves Mother,
best of all.

I hope you have confidence in some
Arkansas people to believe they are
true to you at least one who believes
you true to one in Arkansas.

I believe you said in your letter
you had not heard from my one
in Ark's since you left but me.
In brief I will always write to
one whom I love and admire.
Sweet heart how would you or would you
not come back to Ark's to see your
own admirers or old friends &c.
which I am one of them.

If I had been there to go with you
to the singing do you think you
would have enjoyed it more. I wish
I could have been there ^{over}
